92150 Suresnes

## WORK EXPERIENCES

### DIGITAL PRODUCT OWNER 2016-2018

Product ownership and project management on the SGCIB Valuation system in a strong client facing context with post trade, FO trade capture and pricing systems.

I own the Valuation website of the range SG Markets Post trade services as well as two back-end applications allowing front to back Agile management of the developments (IT teams in Paris and Bangalore).

### CLIENT SERVICES EXPERT 2015-2018

Within SGCIB, my role mainly consists in ensuring continuous improvement of the valuation chain and processes.

I own the client valuation policy with Front office and Compliance departments and I animate workshops between users based in Paris, New York, Hong Kong and Tokyo for process harmonization and IT requirements design.

In 2018, I have been appointed by Front office Sales global head as project manager for a strategic project in order to deliver a digital solution for Lifecycle events management.

### OTHER EXPERIENCES 2009-2015

Structured products and FICC Sales support at SGCIB.  
Portfolio Manager assistant at Barclays.
